Declaration on traceability, confidentiality and data protection

All documentation that is generated at Beta LAYOUT and is required for the traceability of components and/or traceability of components and / or services are stored with a retention period are subject to **a retention period of 10 years**.

The traceability of production processes (production documents) is ensured by a tracking card.

Confidentiality also covers copies of documents and automatically created computer/server backups or archive copies, insofar as these are required in the normal course of business for the purpose of complying with statutory retention obligations and in the context of normal backup procedures.

Beta LAYOUT GmbH may not continue to use the retained copies and will keep them secured and not generally accessible.

Beta LAYOUT GmbH undertakes to process all data in accordance with the provisions of the European General Data Protection Regulation (EU GDPR).

It hereby confirms that it has informed its employees and authorised representatives in writing about data protection rights and obligations, regardless of the type and legal structure of the cooperation.

Declaration „Code of Conduct“

The ZVEI e. V. Association of the Electrical and Digital Industry and the VDMA e.V. German Engineering Federation have drawn up a non-binding association recommendation as a voluntary commitment.

Beta LAYOUT GmbH is committed to this voluntary commitment and the association recommendation of the ZVEI and VDMA.
